Day in the Life

"My name is John. On sunny days I like to sit out in the garden and look through my magazine. I also enjoy gardening and meals out with friends and staff."

Care Quality Commission (CQC)

Quotes from the latest CQC Report:

Staff said "We all sit down to dinner together as a family, although they can eat in their room or in the lounge if they wanted to."

CQC Inspector said: "There was a very homely atmosphere. People had been encouraged to make their rooms their own personal space and each was decorated to their personal taste. One room was grey and white and had a large mural of a sports car on one wall whilst another room was decorated in pink."

Location

The town of Flitwick (population 12,700) is located between Bedford (10 miles) and Luton (10 miles). It shares many services with the neighbouring town of Ampthill.

In the town there is a supermarket, library, GP surgery, pubs, restaurants, cafés and an open air market every Friday.

By Road: Flitwick is 5 miles from Junction 12 of the M1.

By Train: Flitwick has a station on the Thameslink line. Trains go north to Bedford and south to London, Gatwick Airport and Brighton.
