

Independence Form

MacIntyre
Providing support...your way

This form is to show how independent a person is

What is the date the form was finished

What is the name of the person filling in the form

What date does it need looked at again

Remember this should be at least every three months

What is the name of the person the form is about

On the next page tick in the purple box which one is right

Made in June 2021

Independence Form

These are more things
that the form will ask you

- If you did the task on
your own because you
have done it before

- If you did the task on
your own after one
thing was said to you

- If you did the task on
your own after
someone showed you
how to do it

- If you did the task on
your own after more
than one thing was
said to you

- If you did the task
after being shown and
told

Independence Form

MacIntyre
Providing support...your way

These are the things that the form will ask you

- If you did the task with someone touching you to help
- like putting their hand under your hand

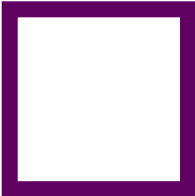

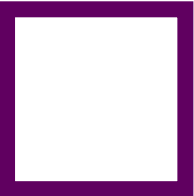

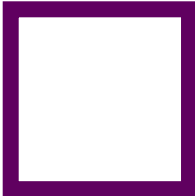

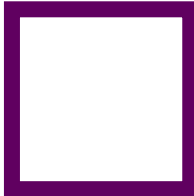

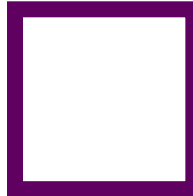

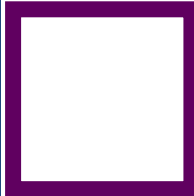

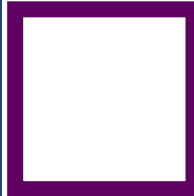

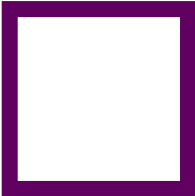

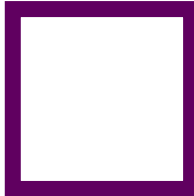

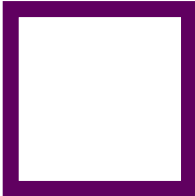

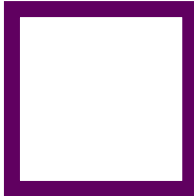

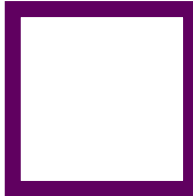

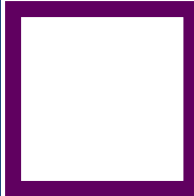

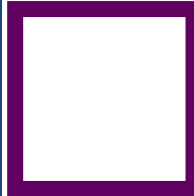

- If you did **not** do the task but responded to an object like a cup

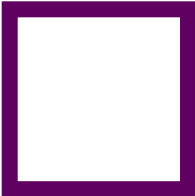

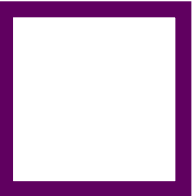

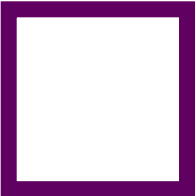

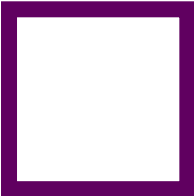

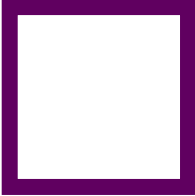

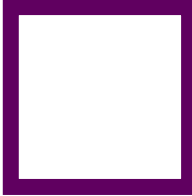

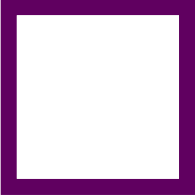

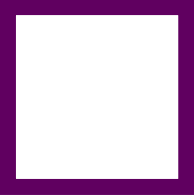

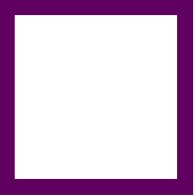

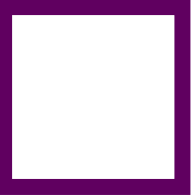

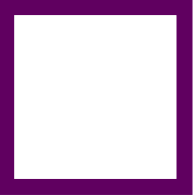

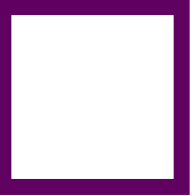

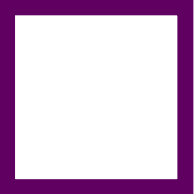

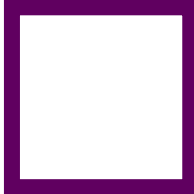

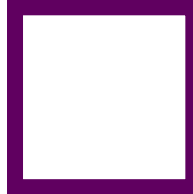

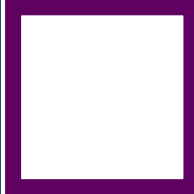

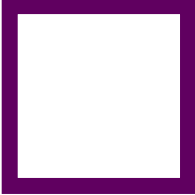

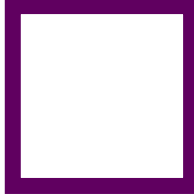

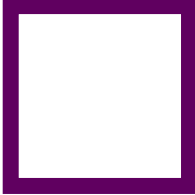

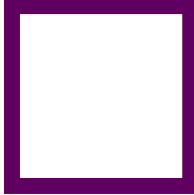

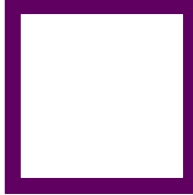

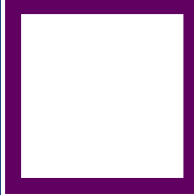

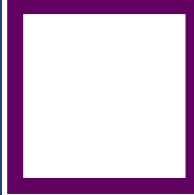

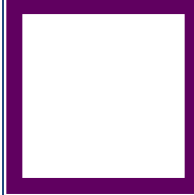

- If you did **not** do the task but looked at the task being done

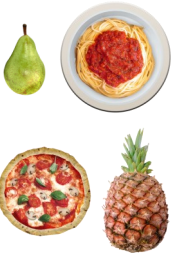

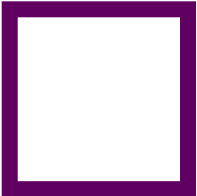

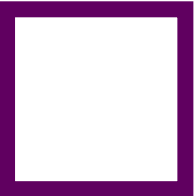

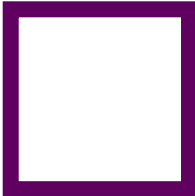

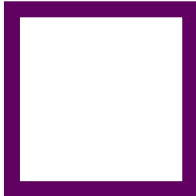

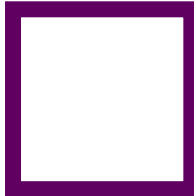

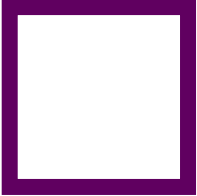

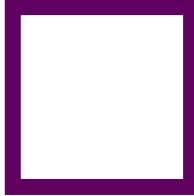

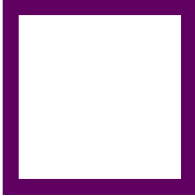

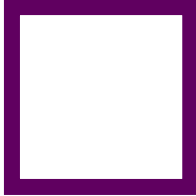

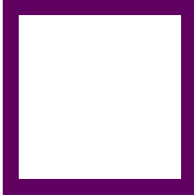

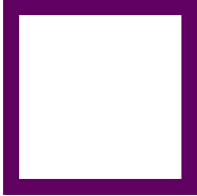

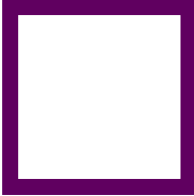

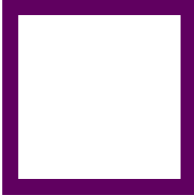

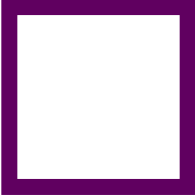

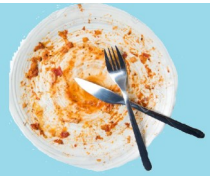

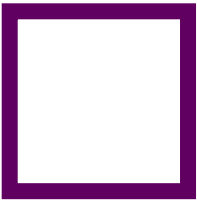

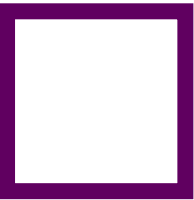

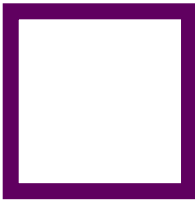

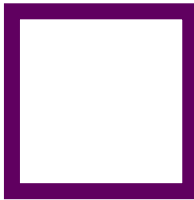

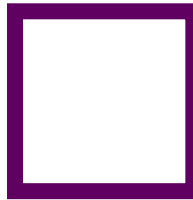

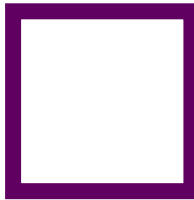

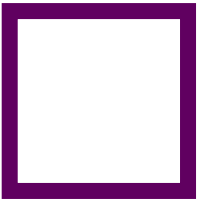

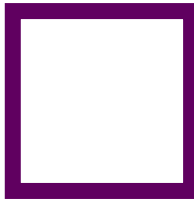

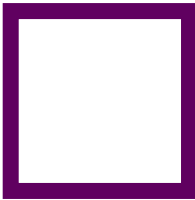

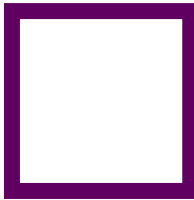

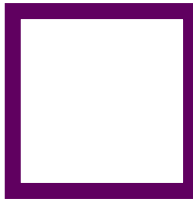

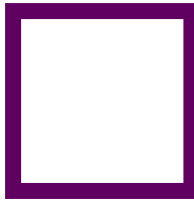

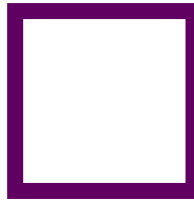

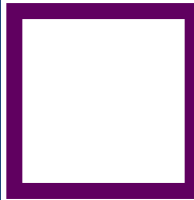

- If you did **not** do the task and someone else did it for you

	You did it on your own because you have done it before 	You did it on your own after one thing was said to you 	You did it on your own after someone showed you how to do it 	You did it on your own after someone helped by saying something 	You did it on your own after being shown and told 	You did it with someone touching you to help 	You did not do it but responded to an object 	You did not do it but looked at it being done 	You did not do it and someone else did it for you 
Putting a meal on the table 									
Knowing what cutlery to use 									

	You did it on your own because you have done it before 	You did it on your own after one thing was said to you 	You did it on your own after someone showed you how to do it 	You did it on your own after someone helped by saying something 	You did it on your own after being shown and told 	You did it with someone touching you to help 	You did not do it but responded to an object 	You did not do it but looked at it being done 	You did not do it and someone else did it for you 
Using cutlery 									
Cutting up food 									

	You did it on your own because you have done it before 	You did it on your own after one thing was said to you 	You did it on your own after someone showed you how to do it 	You did it on your own after someone helped by saying something 	You did it on your own after being shown and told 	You did it with someone touching you to help 	You did not do it but responded to an object 	You did not do it but looked at it being done 	You did not do it and someone else did it for you 
Moving food from plate to mouth 									
Chewing food 									

	You did it on your own because you have done it before 	You did it on your own after one thing was said to you 	You did it on your own after someone showed you how to do it 	You did it on your own after someone helped by saying something 	You did it on your own after being shown and told 	You did it with someone touching you to help 	You did not do it but responded to an object 	You did not do it but looked at it being done 	You did not do it and someone else did it for you 
Knowing different foods 									
Knowing when food is finished 									

	You did it on your own because you have done it before 	You did it on your own after one thing was said to you 	You did it on your own after someone showed you how to do it 	You did it on your own after someone helped by saying something 	You did it on your own after being shown and told 	You did it with someone touching you to help 	You did not do it but responded to an object 	You did not do it but looked at it being done 	You did not do it and someone else did it for you 
Putting cutlery down when finished 									
Taking the plate off the table 									

	You did it on your own because you have done it before 	You did it on your own after one thing was said to you 	You did it on your own after someone showed you how to do it 	You did it on your own after someone helped by saying something 	You did it on your own after being shown and told 	You did it with someone touching you to help 	You did not do it but responded to an object 	You did not do it but looked at it being done 	You did not do it and someone else did it for you 
Wiping mouth and checking clothes
