Providing support...your way

Living well with Dementia

Living with dementia can be hard

A person with dementia may feel
cross

A person with dementia can still do things
they enjoy

A person with dementia may have to
do things in a different way

A person with dementia can keep busy

Think about what the person with dementia can do

The person with dementia can still have fun

If you are worried about you or a friend talk to someone

You can talk to

- A doctor
- A friend
- Your family
